Part I Letter No.4368 dated the 13th January, 1955, from the State Medical Officer.

Part II Letter No.1-16/53-MCH dated the 3rd January, from the Director General Of Health Services to the S.M.O.

Subject:-Dais Training Project in India.

.....

1 Please see flag 'Q' of the file. The Dais Training Project aims at 1) to improve the standard of obstetrical care in rural areas, 2) to undertake a programme for the training of already practising dais in a systematic, simple, sound and practical manner and 3) to maintain an adequate standard of practice of trained dais by provision for continued guidance and supervision by midwives and other health workers.

2 PUC II. The DGHS while forwarding three copies of the applications states that in order to implement the scheme it has been decided in consultation with UNICEF and WHO authorities to have the enclosed application forms filled in by the participating States when the UNICEF will consider the supply of assistance such as equipment, transport, funds for stipends or rewards to dais( to be trained for the scheme) The DGHS requests that the enclosed application forms be filled and sent to him in duplicate by the 1st Feb.,1955.

3 The programme for training etc., is given from page 3 of the Plan of Operations which may kindly be perused It embodies, 1) The plan of action, 2)Commitments of WHO 3) Commitments of the UNICEF and 4) Commitments of the Govt. and the final provision.

4 Technical advice and guidance will be given by the Regional Director for South East Asia of WHO. The UNICEF will provide stipends to a limit of 10,000 dollars which will be made available in local currency for the first year of operations. It will also provide supplies and equipment

PTO

equipment to value of approximately $74,000 including the following:-

1. Teaching supplies and equipment for 200 centres.
2. 3500 simple midwifery kits.
3. 25 bicycles.

These have already been delivered in India and will be allocated to the participating States as will be stipulated in the State plan of operations. 5

The Government will have to provide personnel, material, supplies and equipment necessary for the project, except as provided by the UNICEF(Artical VII)( page 5) 6

The plan of operation will come into effect upon signature by all three parties and will remain in effect until such time as the three parties mutually agree to terminate it. 7

The application form duly filled in by the participating States will be recommended by the DGHS to the UNICEF to arrange for supply of the articles,etc. 8

The State Medical Officer states that under Article III of the plan of operation the training under the project will not take place in hospitals but in training centres such as MCH centres for the theoretical part, and in the Dais own practice field for the practical part of the training. 9

He further states that in this State there are no professional Rural midwives and that the practice for some years past has been to recruit educated young women from different parts of this State and to train them for a year at Headquarters hospital and at Virajpet Hospital and also that of the candidates, six are paid stipends of Rs.25/-P.. from the State funds and the rest get trained at their own cost. 10

He requests that the DGHS be addressed to give all help stipulated under this project for training of rural midwives as at present at Virajpet and Mercara and also at Somwarpet as from June, 1955 as in all these centres we have Health Visitors and training facilities are available 11

23

Letter No.18-11/55-M.C.H., dated the 11th March, 1955, from ~~the~~ Director General Of Health Services.

.....

With reference to this Office letter noted at para 23 24 of the notes with which application for assistance from the UNICEF for the Dais Training Project in Coorg was sent to the D.G.H.S., for necesary action, the D.G.H.S. states that ~~his~~ his Directorate has proposed to recommend 18 dais kits and one teaching set to the UNICEF.

With regard to cash rewards, the Directorate requests 25 to be intimated whether the budget provision stated in our application has been made for payment of stipends from the State Budget. If not, the allocation of stipends would be recommended to the UNICEF on receipt of a definite request

request from the State Government.

26 In this connection it may be advantageous to take this assistance also as the provision already made for the payment of stipends to midwives may be better utilised for the purchase of other requirements.

27 However it seems that it is better to consult the State Medical Officer in the matter. As he may require full details about the project it may be useful to him if the file is passed on ~~to him~~ for his remarks.

28 . For orders.

15/6/55

15/6/55

G.S.

29 We had asked for 30 dais kits and 3 teaching sets but the D.G.H.S. has proposed to recommend only 18 Kits and 1 teaching set.

As regards cash rewards they have stated that the allocation of stipends will be recommended to the UNICEF if no provision has been made in the State Budget for the same.

We may perhaps ~~accept~~ accept 18 kits and 1 teaching set and request the D.G.H.S to recommend to the UNICEF.

30 As regards cash rewards we may perhaps ~~say~~ say that this State Government has made provision for the payment of stipends for training midwives. But if the State Government gets some more funds for this purpose it will be possible to train more midwives than the usual number. The D.G.H.S. may perhaps be informed accordingly.

Thus
16/6

31, M.L.S.O The provision now made may be utilized for training Midwives and Nurses at Mysore or Nendrapa. We may

Therefore ask ~~the~~ Govt of India to help us in securing monetary assistance for training rural midwives (Dhais) in our State

KM

2/3 Draft.

Endt. no. 90 Dated 6th April, 1955, from the State Medical Officer, — Coorg

Please see the minutes of the M.L.O 32 ! at para 31 of the notes. The State Medical Officer, — Coorg, expects to train 12 midwives 6 at Moreara and 6 at Virajpet. He also states that till now Rs. 25/- was being paid as stipend. As this is not sufficient — he recommends that the trainees be given a stipend of Rs. 30/-. To train 12 midwives for a period of one year it would cost Rs. 4,320/- He further states that — Equipment worth Rs. 50/- each may have to be given to candidates after completion of training, which involves an additional amount of Rs. 600/- So totally he will have to ask for Rs. 5000/- from the UNICEF.

If approved, the D.G.H.S. will be requested 33 to recommend to the UNICEF for a grant

grant of Rs. 5000/- to this State Govt.

34 Does the circumstances it is for orders whether the draft as put up may be issued.

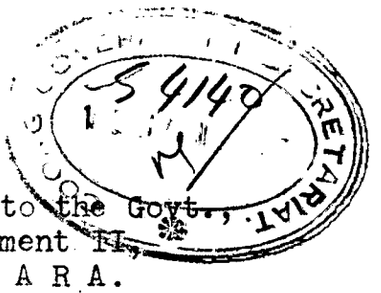
No. 4368 Dt. 13.1.1955
Office of the State Medical Officer,
Coorg - Mercara.



From
The State Medical Officer,
Coorg, M E R C A R A.

To
The Secretary to the Govt.,
General Department II,
Coorg, M E R C A R A.

Sir,

I enclose herewith letter No. 1.16/53-MCH, dated the 3rd January,1955, in original received from Director General of Health Services, New Delhi, in connection with Dais Training Project in India, with its enclosures, also in original.

Under article III of plan of operation section 1.1. it is seen that Dais Training under this project will not take place in hospitals but in training centres such as MCH centres, for the theoretical part, and in the Dais own practice field for the practical part of the training.

In this state we do not have Professional Rural Midwives. The practice for some years past has been to recurit educated youmg women from different parts of the statland to train them for a year at Head Quarters Hospital. This system has been extended to Civil Hospital Virajpet since 1954. Of the trainees six candidates are paid stipend from state funds of Rs. 25/- per mensum and the rest get trained at their own cost.

Director General of Health Services may be requested to give all the help stipulated under this project for training of Rural Midwives as at present viz., at Virajpet and Mercara and at Somwarpet also as from June,1955. In all the three centres we have Health Visitors and training facilities are available in all the three hospitals. The assistance under the project are covered in article (6). We will require Midwifery kits for 50 trainees and equipments for 3 centres viz. Mercara, Virajpet and Somwarpet, during 1955-56.

Yours faithfully,

(T.B.MEDAPPA)

No.1-16/53-MCH. MOST IMMEDIATE

From

The Director General of Health Services,

To

All Administrative Medical Officers of Part 'A','B','C' and 'D' States.

NEW DELHI, the 3 JAN 1955

Subject: Dais Training Project in India.

Sir,

I have the honour to state that the information furnished by the State Health Authorities in connection with the above Project was discussed with the UNICEF and W.H.O. authorities in India and as a result of discussions and on the basis of the information received from the States, a Plan of Operation for the above was prepared and signed by the Government of India, Ministry of Health on behalf of the State Governments. This Scheme could not be implemented earlier then this due to certain clarifications, which were then considered essential.

2. In order to implement the Scheme it has been decided in consultation with the UNICEF and W.H.O. authorities to have the enclosed application forms filled in by the participating States when the UNICEF authorities will consider supply of assistance namely equipment, transports, funds for stipends or rewards to dais (to be trained) for the Scheme. Three copies of the application forms are therefore enclosed with the request that the same may please be filled in and submitted to this Directorate in duplicate by the first week of February, 1955.

3. The commitments of the State Government as well as of the UNICEF authorities are contained in Articles VI and VII of the Planops - a copy of which is also enclosed for information.

4. A form entitled 'Monthly Attendance and Stipends Disbursement Register' is also enclosed, which is to be maintained at each of the Dais Training Centre.

5. On receipt of the application forms duly filled in (in duplicate) this Directorate will recommend to the UNICEF authorities in India to arrange supply of the equipment, transports, stipends etc., for the implementation of the Scheme.

6. This may kindly be treated as Most Immediate. Kindly also acknowledge receipt of this communication.

Yours faithfully,

# PLAN OF OPERATIONS

# FOR

# A DAIS TRAINING PROJECT IN INDIA

The Government of India, hereinafter referred to as "the Government",

the World Health Organization, hereinafter referred to as "the Organization" and

the United Nations Children's Fund, hereinafter referred to as "UNICEF"

Being desirous of obtaining mutual agreement concerning a Dais Training Project in India, particularly with reference to the purpose of the project and the responsibilities which shall be assumed by each of the parties,

Declaring that these responsibilities will be fulfilled in a spirit of friendly co-operation,

HAVE AGREED AS FOLLOWS:

## ARTICLE I

The Basic Agreement concluded between the Government and Organization on 18 July 1952, and the Basic Agreement concluded between the Government and UNICEF on 10th May 1949 provide the basis for relationships between the Government and the co-operating agencies in this project, and the articles of this Plan of Operations are to be interpreted in the light of the respective Basic Agreements.

## ARTICLE II

## OBJECTIVES

The Government with assistance from the Organization and UNICEF has the following objectives in connection with this Plan of Operations:

1. To improve the standard of obstetrical care in rural areas.

2. To undertake a programme for the training of already practising dais in a systematic, simple, sound and practical manner.

3. To maintain an adequate standard of practice of trained dais by provision for continued guidance and supervision by midwives and other health workers.

Such a training programme shall be an interim measure and the Government will take steps to increase and strengthen training of midwives, lady health visitors and nurse-midwives in order that more adequate services eventually come into being.

.....page 2

(7

## ARTICLE III

## PLAN OF ACTION

The objectives listed in Article II are to be achieved in the following ways:

1. In recognition of the fact that approximately 85% of the births are attended by unskilled women rendering midwifery service as an hereditary profession, "an interim scheme for the better utilisation of such women and their improved standard of practice is to be provided and expanded by a programme of training." This programme of training shall in all cases comply with the recommendations of the Indian Nursing Council, with the major emphasis on the following:

   1.1 The training is to be of an elementary nature and on the basis of the principle of taking the training to the trainees. Dais training under this project will therefore not take place in hospitals, but in training centres, such as MCH Centres, for the theoretical part, and in the Dais own practice field for the practical part of the training.

   1.2 The basic elements of the training shall include:

      (a) Elementary antenatal care, including the detection of abnormal conditions during the antenatal period.

      (b) The importance of personal and home cleanliness particularly in relation to childbirth.

      (c) Recognition of abnormalities during labour.

      (d) The importance of availing of trained assistance and of hospitalization when necessary.

      (e) The appropriate use of the equipment provided.

2. The dai should be encouraged to be an agent between the MCH services of the area and the families she is serving.

3. The period of training shall be six months, three months of intensive training in theory and demonstration by the health visitor and midwife as well as actual delivery under their supervision and additional three months training with emphasis on practical work under supervision of a midwife. During the period of training the dai shall personally conduct deliveries in the homes under supervision of qualified staff according to the recommendations of the Indian Council of Nursing.

4. The dai shall also attend ante-natal clinics, bringing booked cases for antenatal care and also performing antenatal examination on the cases under her care, as well as attending to the deliveries in the homes, both under supervision of the instructors.

5. In order to intensify the training programme envisaged above, programmes of training shall be set up primarily in areas where facilities exist. Wherever adequate MCH centres exist these shall form nuclei for training programmes. Where no facilities exist, these shall be specifically provided as part of the plan. Primary attention shall be given to work undertaken under Community Development and National Extension Programmes.

.....page 3

6. Convenient training areas shall be established of approximately 80,000 to 100,000 people, if possible, in administrative units such as taluks, Thanas, Extension Blocks or Community Projects. A Health Visitor assisted by 4 or more midwives (according to the needs of the area) shall be assigned to undertake the training programme for the area. The maximum number of dais per class shall not exceed 15 or for any one area 60. The programme shall be organised in such a way that the midwives associated with the programme shall remain within the area after the completion of the training, and provide supervision, guidance and inservice training as well as conduct the antenatal services in the area.

7. Two States shall be selected to undertake a special programme of assessment and field evaluation of the practical aspects of dais training. Such evaluation studies will be organised in States where joint projects of Government, the Organization and UNICEF are in operation.

8. The conditions as set forth in this plan of operations shall be accepted by the States in order to obtain international assistance under this scheme, including those States in which joint projects of Government, the Organization and UNICEF for maternal and child health and nurses training are already in operation.

9. For each State participating in this scheme a separate State Plan of Operations will be drawn up, which will indicate the State's compliance with the conditions laid down in this Plan of Operations, and which will contain the administrative and operational details of the dais training program in that State . The State Plans of Operations will be signed by the State Government concerned, the Government, the Organization and UNICEF.

## ARTICLE IV

## ADMINISTRATION AND ASSIGNMENT OF RESPONSIBILITY

The project will be conducted under the responsibility of the Government.

## ARTICLE V

## COMMITMENTS OF THE ORGANIZATION

The Regional Director for South-East Asia of the Organization and his Advisers will give such technical advise and guidance as may be useful to the project.

## ARTICLE VI

## COMMITMENTS OF UNICEF

1. In order to stimulate increased training of dais, UNICEF will provide stipends for dais up to the limit of $10,000, to be made available in local currency, for the first year of operations. This amount will be made available, as required, in accordance with arrangements agreed between the parties, and which will be stipulated in the State Plans of Operations.

.....page 4

2. UNICEF will also provide supplies and equipment to a value of approximately $74,000 including the following:

Teaching supplies and equipment for 200 centers

3500 simple midwifery kits

25 bicycles.

3. These supplies and equipment have already been delivered in India and are available from UNICEF stocks. 20 sets of teaching equipment and 750 midwifery kits have been allocated to the State of Hyderabad, in compliance with the Plan of Operations for a maternal and child welfare program in that State. The balance of the supplies and equipment will be allocated to other participating States, as will be stipulated in the State Plans of Operations.

## ARTICLE VII

## COMMITMENTS OF THE GOVERNMENT

The Government will provide all personnel, materials, supplies and equipment necessary for the project, except as provided in Article VI.

1. Personnel

1.1 Health Visitors for the training programme, who will assist the midwives in initiating the training and will spend with each midwife a period of at least three months during the period of the training.

1.2 Midwives to assist the health visitors and to remain in the area after completion of the training for the purpose of practical teaching and supervision.

1.3. The training shall be in accordance with the recommendations of the Indian Nursing Council.

2. Provide general facilities and services necessary to the successful operation of the training programme.

3. Provide such supplies and equipment as are not provided under Article VI.

4. Maintain local and state registers of the dais who have completed their training under the project.

5. Provide the Organization and UNICEF with such periodic reports as may be mutually agreed upon.

6. Maintain accounts of funds provided, or to be reimbursed, by UNICEF in accordance with a system to be agreed as between UNICEF and Government for this purpose.

## ARTICLE VIII

## FINAL PROVISIONS

1. This Plan of Operations will come into effect upon signature by all three parties, and will remain in effect until such time as the three parties mutually agree to terminate it.

.....page 5

2. This Plan of Operations may be modified by mutual consent of the Government, the Organization and UNICEF.

3. The use of UNICEF supplies and equipment will be in accordance with the terms of the Basic Agreement between the Government and UNICEF and no beneficiary or consumer of these supplies will be required to make any payment, direct or indirect, therefor.

4. Upon termination of this project, any supplies and equipment furnished under Article VI of this plan of operations to which UNICEF has retained title will be disposed of as mutually agreed between the Government and UNICEF.

IN WITNESS WHEREOF the undersigned, being duly authorised to that effect, have signed this Plan of Operations.

Done in 9 copies in English.

RETRANSMITTED:

As I have said in my letter No.4368, dated the 13th January,1955, the reference from Director General of Health Services, is in connection with training of professional untrained Midwives in the Village. We have no such problem here. We are requesting for aid to train young women from villages in elements of Midwifery in the 3 centres. However I am giving certain particulars in regard to information 1 to 12 of the attached printed forms.

Designation Jr Secretary to Govt.

SUBJECT 31/3/55

Dais Training Project in Coorg State

---

**REPLY.**

To THE Secretary to Govt., General Deptt. II, Mercara.

STATE MEDICAL OFFICER COURG R1955 MERCARA

C35

90 stipend

It expected to train 12 midwives with stipend, 6 at Mercara Hqrs & 6 at Virajpet Hospital. Till now Rs 25 p.m. was being given as stipend. This is not sufficient and accepted, in the case of Coorg dais trained at Mysore, the stipend has been increased to Rs 40 p.m. & recommended that it may be given to trainees at Mercara & Virajpet Rs 30 p.m. as stipend.

~~Dais Training~~

in Mysore.

This State Government expects to ~~ex~~ train 12 dais under the Dais Training Project. ~~in this~~ The total expenditure involved for the payment of stipends ~~for the~~ for a period of one year at Rs. 30 p.m. per trainee will be Rs.4,320/-. In addition ~~to this~~, the candidates will have to be supplied with equipment worth Rs.50/- each, on their completion of training. This would involve an additional expenditure of Rs.600/-. Rounding up, including T.A etc the total cost works out to ~~about Rs.5,000/-~~ about Rs. 6000/-.

This State Govt. would, therefore, be grateful if the Directorate would kindly recommend to the UNICEF for the grant of Rs. 6,000/- to this State Govt.

MINISTRY OF FOOD AND AGRICULTURE/ECONOMIC AND STATISTICAL ADVISER.

29

Agricultural Statistical Unit- Could not implement the scheme during 1955-56- Reasons for- To continue the grant for 1956-57- Creation of post of Asst. Statistical Officer on Rs.250-400- Training facilities available, if any with the Government of India.

DIRECTOR GENERAL OF HEALTH SERVICES, NEW DELHI

Dais Training Project in Coorg State- We had requested the Director General of Health Services Vide this office letter No.B.285/D.Dis.103/55, dated the 1th April, 1955 to recommend to the UNICEF for the grant of Rs.5,000/- to this State Government. A note was handed over to the Secretary when he last visited New Delhi. It is not known in the Office about the result of that discussion. The Secretary may perhaps discuss this matter with the Director General of Health Services, New Delhi once again.
